# DAVID ARMSTRONG, JR.

## SECURITY ANALYST | LEADER | PROBLEM SOLVER

David Armstrong, Jr. is a **Computer Information Systems** major at **Cal Poly Pomona** who is seeking opportunities in **Cloud Computing** and **Cyber Security**. He is a highly passionate and self-motivated professional who embodies what it means to be a responsible, hard-working, and detail-oriented individual. David is actively looking for a company where he can leverage his diverse set of skills and experiences to create immediate impact and value.

## PROFESSIONAL EXPERIENCE

**IT Intern, KAISER PERMANENTE, Pleasanton, CA — June 2019 - August 2019**

- Enhanced User Experience (UX) using Django for Disaster Recovery (DR) app to support 22K physicians
- Spent 70% of each day utilizing Python, Django, and React to implement new features on the Web Application

"David is a straightforward young business professional that is eager to take on a challenge and strives to expand his knowledge base by exploring multiple learning avenues. He is adept at developing dynamic project presentation material and speaks to an executive audience with confidence." - **KP Launch**

**Information Security Intern, CBS INTERACTIVE, San Francisco, CA — June 2017 - August 2018**

- Created a dashboard that monitored the vulnerabilities across 10 business units
- Resolved over 50 Jira tickets regarding employee VPN access
- Investigated multiple vulnerabilities found on OpenBugBounty

"In his time here at CBSi we found David to be incredibly intuitive and quick to learn about information security, he is very personable and always willing to help where needed, he has a great can-do attitude and willingness to see his assignments completed, he would be a great asset to any company." -**CBS Interactive**

**Devops Program, GAMEHEADS.ORG, Oakland, CA — January 2016 - May 2017**

- Completed an asset inventory contract for RalleyHealth.com consisting of managing asset tags for over 200 computer systems
- Worked on a Confluence database migration project for a few RalleyHealth.com intranet websites
- Performed Capture the Flag cybersecurity lab exercises

**Hidden Genius Alum, Youth Educator, THE HIDDEN GENIUS PROJECT, Oakland, CA — January 2012 - May 2014**

- Developed, designed, tested and presented IOS applications
- Finished an IOS prototype application called "Crave No More"
- Created website using HTML for the [Kapor Center](#)
- Mentored the younger cohorts throughout the year

## EDUCATION

**California State Polytechnic University — Spring 2020, Business Administration B.S - Computer Information System**

**Young Entrepreneurs at HAAS BUSINESS SCHOOL PROGRAM, UC Berkeley — June 2010 - May 2014**
